### Summary

The purpose of this data is to convey or illustrate Regional Planning concepts within the Washoe, Reno and Sparks jurisdictions.

### Description

This File Geo-Database represents the data used to create Maps 1-11 of the 2007 Regional Plan Version 13.

Please note that TMRPA Truckee Meadows Regional Planning Agency creates, maintains and distributes the following GIS feature classes:

- AE\_Floodways\_DCA Revised 01/15/2009
- Updated FEMA DFIRM Maps 09/01/2008
- Public\_Lands\_DCA
- Significant\_Water\_Bodies\_DCA
- Slopes\_DCA\_30\_Deg\_n\_UP Revised 01/15/2009
- Updated with 2004 WC Community Development Slope Data
- Reno\_Tahoe\_Industrial\_Park
- Spaghetti\_Bowl\_Buffers
- Spaghetti\_Bowl\_Center\_Point
- Convention\_Regional\_Center Removed from the database 11/21/07 and incorporated into the Regional\_Centers Feature Class

- Cooperative\_Planning Revised 01/14/2010 Several updates based on recent conformance reviews

#### PURPOSE (SUMMARY)

The purpose of this data is to convey or illustrate Regional Planning concepts within the Washoe, Reno and Sparks jurisdictions.

**DATASET LANGUAGES** English (UNITED STATES)

**DATASET CHARACTER SET** utf8 - 8 bit UCS Transfer Format

#### RESOURCE MAINTENANCE

**DATE OF NEXT UPDATE** 2011-08-11

**UPDATE FREQUENCY** biannually

**SCOPE OF THE UPDATES** dataset

#### SCOPE DESCRIPTION

**DATASET** The following data edits were made in previous versions of this database and are now part of this database:

**OTHER MAINTENANCE REQUIREMENTS** Version 2: 10/11/2007 - TMSA 07-003 Sierra Triple Net LLC application to ammend the TMSA Truckee Meadows Service Areas boundary was approved by the RPGB Regional Planning Governing Board on October 11, 2007.

**OTHER MAINTENANCE REQUIREMENTS** Version 3: 11/08/2007 - The South Virginia and West 4th Street Corridors were updated in Version 4 of the TOD Corridors feature class. Also, the Reno Tahoe International Airport Center and the Convention Center Regional Center were updated via conformance review and have incorporated into Version 4 of the Regional Center Feature Class data. 11/08/2007 - TMSA 07-006 Dean and Kristina Tischler application to ammend the TMSA Truckee Meadows Service Areas boundary was approved by the RPGB Regional Planning Governing Board on November 8, 2007. This application moves a parcel from Washoe Countys portion of the TMSA into the City of Sparks portion of the TMSA. Only the TMSA Boundary and TMSA dissolved feature classes will be affected by this change.

**OTHER MAINTENANCE REQUIREMENTS** Version 4: 12/13/2007 - Technical Amendments involving Maps 1-8 Data Edits as well as text edits to the 2007 Regional Plan were made in advance of the December 13, 2007 RPGB meeting. Also, the WC Roads feature class was updated by WC on November 14, 2007. TMRPA staff downloaded the WC Roads feature class from the Washoe County website on 11/21/07. 12/13/2007 - TMSA 06-011 Dolan Properties LLC and TMSA 07-004 Brad and Sharon Stanley TMSA Truckee Meadows Service Areas amendments were approved by the RPGB. The Dolan application moves 2,172 acres into the City of Reno TMSA from the RDA Rural Development Area. The Stanley application moves 40 acres into Washoe Countys protion of the TMSA. Therefore, the TMSA and TMSA\_diss data layers contained within this database have been modified 12/18/2007 to reflect these changes to the Truckee Meadows Service Areas.

**OTHER MAINTENANCE REQUIREMENTS** Version 5: 02/14/2008 - TMSA 07-008 Silvas application to ammend the TMSA, this amendment was approved by the RPGB on this date. This application moved a 40 acre parcel from Rural Development Area to Washoe Countys portion

of the TMSA.

**OTHER MAINTENANCE REQUIREMENTS** Version 6: 09/11/2008 - Updated the South Virginia TOD polygon in the TOD GIS data layer, updated the WC street C.L. data and updated both the City of Reno and City of Sparks incorporated boundaries.

**OTHER MAINTENANCE REQUIREMENTS** Version 7: 01/15/2009 - Updated the TMSA polygon dissolved, TMSA polygons, FSA polygon dissolved, FSA polygons datasets so that each of the geographic features contained coincident geometry with the WC GIS Parcel Polygons released in September 2008. All over shoots, gaps and overlaps have been fixed. Additionally, the TMSA polygons data layer now contains attribute fields for total TMSA by jurisdiction and total Development Constrained Areas by jurisdiction. Please also note that the slopes greater than 30pct and AE Floodways DCA data layers have also been updated in Version 7. No private property owner requests to amend the TMSA have been approved between Version 6 and Version 7 TMRPA GIS data.

**OTHER MAINTENANCE REQUIREMENTS** Version 8: 08/13/2009 - Updated the TOD data layer with boundary changes to both the West 4th street and Virginia Street TOD polygons. Changed the Mill Regional Center Annotation to Medical. Updated the Joint Planning Data Layer by deleting the Washoe County - Sparks Joint Planning Area Boundary polygon. Updated the WC Street Center Line File and also updated both the City of Reno and the City of Sparks City Limits boundaries.

**OTHER MAINTENANCE REQUIREMENTS** Version 9: 01/14/2010 - Updated the TOD data layer with boundary changes to the Western Gateway Regional Center and the University Regional Center. Updated the Cooperative Planning data layer to match the Dandini Regional Center boundary. Updated both the TMSA and TMSA Dissolved data layers based on the approval of both the Stanley RPA 08-005 and Silver Hills RPA 09-024 WC requests to amend the TMSA. Also updated the Joint Planning Area boundary to remove the Ergs and Peak properties. Updated the WC Street Center Line File and also updated both the City of Reno and the City of Sparks City Limits boundaries.

**OTHER MAINTENANCE REQUIREMENTS** Version 10: 08/12/2010 - RPA 10-002 - Updated the TMSA data layer to correctly reflect the parcels owned by Don Bernard along the West side of the Redfield Regional Center (APN's 049-440-04, 049-440-03, 049-440-02 and 049-440-27). Updated the WC Street Center Line file and also updated both the City of Reno and the City of Sparks City Limits boundaries. RPA 09-028 - Amended the Reno-Stead Corridor Joint Planning Area which only affected Regional Plan map 6. RPA 09-025 - Amended the Regional plan to include several new policies regarding the Regional Utility Corridors. Also added three new maps to the Regional Plan, maps 9, 10 and 11. These maps identify the location of the Regional Utility Corridors, Regional Utility Sites and Part 77 FAR areas.

**OTHER MAINTENANCE REQUIREMENTS** Version 11: 02/10/2011 - (RPA 10-006) – The RRGB adopted Resolution 11-01, an amendment to the 2007 Truckee Meadows Regional Plan which established a new regional utility corridor associated with the San Emidio Geothermal Facility located in the San Emidio Valley 02/10/2011 - (RPA 10-007) – The RRGB adopted Resolution 11-02 regarding proposed amendments to the 2007 Truckee Meadows Regional Plan concerning Regional Plan maps 9 – 11 which adds existing, but previously unmapped regional utility corridors and sites along the far eastern side of Washoe County, generally north of Wadsworth, identifies all public and private airports with an FAA identification number, correctly maps, an existing corridor alignment for a small segment of the Tracy to Silver Lake transmission line generally located southwest of the Sugarloaf substation; and text amendments to correct inconsistencies with previously adopted policies and mapping related amendments to the Regional Plan, specifically related to references to the Regional Utility Corridor Report in the introduction to Module 1, and addition of the Empire Airport to Policy 3.8.8. 02/10/2011 - Updated the TMSA calculations to reflect the adopted 2010 Consensus Forecast population numbers for each jurisdiction's portion of the TMSA. Updated the Version information to Version 10 on all Regional Plan Maps. Converted all Regional Plan

Metadata from ArcGIS Desktop 9.3.1 to ArcGIS Desktop 10.

**OTHER MAINTENANCE REQUIREMENTS** Version 12: 06/09/2011 - In Version 12, the TMSA calculations were updated given the adoption of RPA11-004 East Truckee River Canyon TMSA rollback, RPA11-003 Virginia Peak Corridor Realignment and TMSA07-005 Weston TMSA amendment. Please note that the City of Sparks now has a positive TMSA capacity value. The TMSA geographies were adjusted to reflect both the Weston TMSA and Sparks rollback amendments.

**OTHER MAINTENANCE REQUIREMENTS** Version 13: 08/11/11 - In Version 13, no changes were made to the TMSA and therefore the TMSA calculations have not changed. RPA11-006 changed several of the existing regional utility corridors and added a couple of new ones in and around the proposed Reno Technology/Sparks energy parks which are located just north of the Tracy-Clark Power Plant. Additionally, RPA11-005 (mapping related amendments) changed the North Virginia TOD corridor boundary to reflect the Amber Meadows Conformance Review.
